

First Reiki Degree Course with Reiki Master Kate Jones

at Ludlow Conference Centre

16 - 19 September

Thur & Fri 7pm - 10 pm, Sat & Sun 2.30pm - 5.30pm

If you are looking for a natural and simple way to take care of your health and well being and that of your family and friends, Reiki could be your answer. This hands-on healing art is easy to learn and simple to practice. You do not need to have any prior experience of giving healing and no special skills are needed.

As someone who cares about your well being and seeks good health physically, mentally and emotionally you may be looking for a simple method to keep yourself in healthy balance. Reiki offers you a simple method that can assist you towards vibrant good health and happiness.

Reiki is a hands-on healing art, originating in Japan, that is easy to learn and simple to practice. Practised daily it helps the body, mind and spirit to become balanced, leading to a feeling of well being and wholeness.

Once you have learned Reiki, you can also help those around you with your healing hands. If family members or friends are facing challenges in their lives, you can offer the gentle

support of a Reiki treatment. Even your animal and plant friends can benefit!

The First Degree Reiki Course requires no previous experience of healing (although it is a good idea to experience a Reiki treatment before learning), is complete in itself and will give you the ability to treat yourself, other people, animals and plants. It is not a professional practitioner training, but should you be thinking about a career offering healing this is a good first step.

The course will start with a talk about Reiki and if after this you feel the course is not for you, you are under no obligation to continue and I will happily refund your deposit.
